American Handgunner Ladies Champion

Action Shooting combines precision with speed. Often called practical shooting, action shooting competitions feature drawing from the holster, engaging a wide variety of targets from various distances and maneuvering through courses of fire that often require the competitor race to many different positions, shoot through windows and doorways, and even shoot while moving.

Julie Golob is one of the most accomplished professional shooters in the world and captain of the Smith & Wesson Shooting Team. One of the most well-rounded competitors on the pro shooting circuit, she dominates in competition and has won titles in seven different action shooting sports. Her shooting career spans twenty years and she has 39 world and national titles to her credit.

AUTHOR

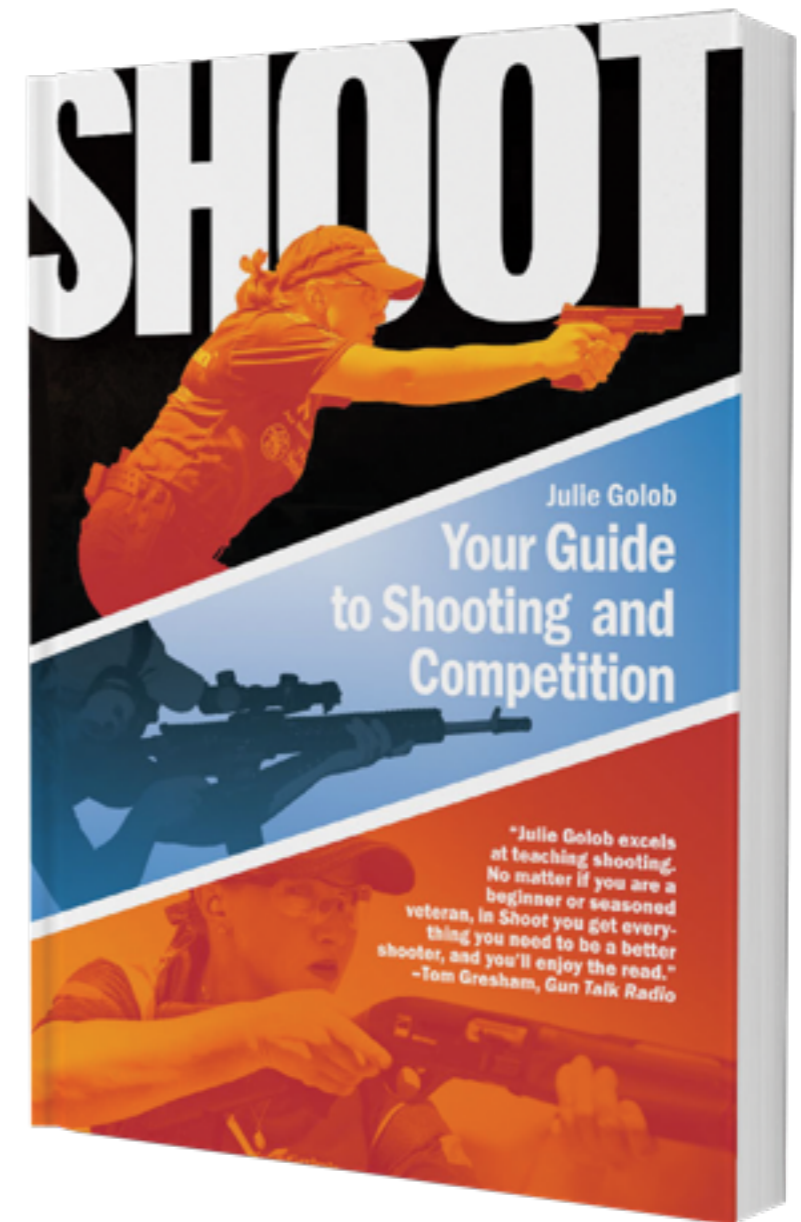

SHOOT: Your Guide to Shooting and Competition

Whether you're a firearms enthusiast, an experienced shooter, or someone who has never even held a gun, Shoot: Your Guide to Shooting and Competition will help you explore different types of firearms, understand crucial safety rules, and learn fundamental shooting skills. This book provides an introduction to a wide variety of shooting sports through detailed descriptions that relate each type of competition to everyday activities and interests. High-quality photography from actual competitions and step-by-step instructional images augment the clearly written descriptions of both basic and advanced shooting skills.

Throughout the book, Julie shares beneficial tips, explains sport-specific lingo, and stresses vital safety concerns. Going beyond just a skill-building manual for those new to firearms and shooting, Shoot addresses competition stress, goal setting, logging, and beneficial practice techniques to help all shooters, from novices to champions, excel and take their skills to the next level.

"America is blessed with many great shooters, but there are few true masters. Over the years Julie Golob has proved herself to be one of those few. Certainly her skills and her fearless ability to push them to their limits speak for themselves. More important perhaps is her willingness to reach out to the larger community of shooters, especially women, and give them the benefits of those skills. That is the nature of true mastery."

—Michael Bane, Host of Shooting Gallery on Outdoor Channel
